

ADEPTION

Meaning: Ademption is the legal principle that a specific gift in a will is revoked or rendered void if the item is no longer part of the testator's estate at the time of their death.

1. Ademption occurs when a specific gift mentioned in a will is no longer part of the estate at the time of the testator's death.
2. The concept of ademption can complicate the process of settling an estate, particularly if the intended beneficiary is unaware.
3. In legal terms, ademption refers to the revocation of a specific bequest due to the sale or destruction of the property.
4. When a testator sells a car that was supposed to be gifted to a relative, this is an example of ademption in action.
5. Understanding ademption is crucial for anyone involved in estate planning or inheritance disputes.
6. The court ruled that the ademption of the property meant the beneficiary had no claim to the asset.
7. Ademption can lead to confusion if heirs expect to receive something that no longer exists.
8. She learned about ademption when her grandmother's will was read, revealing that the family heirloom had been sold.
9. Legal professionals often advise clients to regularly update their wills to avoid issues of ademption.
10. The principle of ademption underscores the importance of clarity in testamentary documents.
