

ALLEGEABLE

Meaning: Allegeable: capable of being claimed or asserted, especially in a legal context, but not necessarily proven or supported by evidence.

1. The evidence presented in court was not sufficient to support the allegeable claims of misconduct.
2. In the absence of concrete proof, the allegations remained merely allegeable and could not be substantiated.
3. The lawyer argued that the allegeable offenses were based on hearsay rather than factual information.
4. Despite the allegeable nature of the accusations, the defendant maintained their innocence throughout the trial.
5. The scandal involved several allegeable incidents that tarnished the reputation of the organization.
6. It is often difficult to distinguish between allegeable statements and proven facts in high-profile cases.
7. The journalist faced scrutiny for publishing allegeable information without verifying its accuracy first.
8. The committee found that the allegeable violations were not serious enough to warrant immediate action.
9. Many allegeable issues arose during the investigation, leading to a lengthy review process.
10. To proceed with legal action, the plaintiffs needed to provide more than just allegeable claims.
