

APPEACHMENT

Meaning: Appeachment is the formal process by which a government official is accused of wrongdoing, leading to potential removal from office.

1. The process of impeachments in the United States is carefully outlined in the Constitution.
2. Debates over the criteria for impeachment often become contentious among lawmakers.
3. The recent allegations prompted discussions about the possibility of impeachment proceedings.
4. Impeachment is a political process rather than a criminal one, focusing on misconduct in office.
5. The president faced impeachment after evidence of abuse of power was presented.
6. Public opinion can significantly influence the outcome of an impeachment inquiry.
7. Historically, impeachment has been used sparingly, reserved for serious offenses.
8. The House of Representatives holds the authority to initiate impeachment against federal officials.
9. Impeachment hearings can be lengthy and often attract significant media attention.
10. Successful impeachment does not automatically result in removal from office; a trial follows in the Senate.
