

ASSUMING

Meaning: Assuming: taking for granted or supposing something to be true without proof, often as a basis for reasoning or decision-making.

1. Assuming the weather stays clear, we should have a great time at the picnic.
2. She made her decision assuming that everyone would support her choice.
3. Assuming you have completed your assignments, we can start the project.
4. The team is assuming that the new strategy will improve our sales significantly.
5. Assuming he arrives on time, we can start the meeting without delay.
6. Assuming the data is accurate, we can draw some meaningful conclusions from it.
7. She spoke confidently, assuming that her audience would agree with her.
8. Assuming they follow the instructions carefully, there should be no issues during the installation.
9. The report is based on assuming that current trends will continue into next year.
10. Assuming you're feeling better, we would love to see you at the party.
