

BY-LAW

Meaning: A by-law is a local law or regulation enacted by a governing body, such as a city council, to govern specific issues within its jurisdiction.

1. The city council adopted a new by-law to regulate noise levels in residential neighborhoods.
2. Residents were unhappy with the by-law that restricted parking on certain streets.
3. The by-law requires all dog owners to keep their pets on a leash in public parks.
4. A public hearing was scheduled to discuss proposed changes to the local by-law.
5. The by-law prohibits the sale of alcohol within a certain distance of schools.
6. By adhering to the by-law, the organization demonstrated its commitment to community standards.
7. The developer faced fines for violating the by-law concerning building height restrictions.
8. She meticulously reviewed the by-law to ensure compliance with all regulations.
9. Community members rallied to support a by-law aimed at improving environmental sustainability.
10. Understanding the implications of the by-law is essential for all business owners in the area.
