

CHOREPISCOPAL

Meaning: Chorepiscopal refers to a bishop with authority over a specific geographic area, often overseeing multiple parishes, particularly in certain Eastern Orthodox communities.

1. The chorepiscopal structure allows for greater local governance within the church hierarchy.
2. In some Eastern Orthodox communities, a chorepiscopal may oversee multiple parishes.
3. The chorepiscopal role is often filled by a senior priest with significant pastoral experience.
4. Many believe that the chorepiscopal system fosters closer ties between clergy and congregants.
5. Discussions about the chorepiscopal authority have surfaced in recent church council meetings.
