

CHOUGH

Meaning: Chough is a noun referring to a type of bird belonging to the crow family, characterized by its glossy black plumage and distinctive red bill and legs, often found in mountainous or coastal regions.

1. The chough soared gracefully above the rugged cliffs, its distinctive red bill glinting in the sunlight.
2. In the fading light of dusk, we spotted a chough nesting in the crevice of a rocky outcrop.
3. The sound of the chough's call echoed across the valley, a reminder of the wild beauty of the landscape.
4. As the rare choughs returned to the area, local birdwatchers eagerly grabbed their binoculars to catch a glimpse.
5. Legend has it that spotting a chough is a sign of good luck for those venturing into the mountains.
