

CHURCHISM

Meaning: Churchism refers to a narrow or exclusive focus on the practices and beliefs of a particular church or denomination, often at the expense of broader religious perspectives.

1. Churchism often leads to a narrow interpretation of faith that excludes diverse perspectives.
2. The rise of churchism in modern society raises questions about the role of religion in public life.
3. Many argue that churchism can create divisions among communities that once thrived on mutual respect.
4. Critics of churchism claim it prioritizes institutional loyalty over genuine spiritual growth.
5. In some areas, churchism has been linked to a resurgence of conservative values in political discourse.
