

CIRCUMINCESSION

Meaning: Circumincession is the theological concept describing the mutual indwelling and interpenetration of the persons of the Trinity.

1. Circumincession is often referenced in philosophical discussions about the nature of the Trinity.
2. In her lecture, the professor explained the concept of circumincession as it relates to divine interpenetration.
3. The term circumincession helps illustrate how distinct entities can exist in a shared relational space.
4. Critics of the doctrine argue that circumincession complicates the understanding of individual essences within the divine.
5. To grasp the idea of circumincession, one must consider the relationship between each member of the Trinity as interdependent.
