

CLOVER

Meaning: CLOVER: A type of low-growing plant with three-lobed leaves and small, round flowers, often found in fields and associated with good fortune when having four leaves.

1. The field was dotted with vibrant patches of clover, attracting bees and butterflies.
2. Finding a four-leaf clover is often considered a sign of good luck.
3. Clover is commonly used as a cover crop to enrich the soil with nitrogen.
4. During our picnic, we spread out a blanket on a soft bed of clover under the shade of a tree.
5. The children spent the afternoon making garlands from the fragrant clover they picked.
