

CODEFENDANT

Meaning: A codefendant is an individual who is accused alongside one or more other defendants in a legal case.

1. The codefendant in the trial pleaded not guilty to the charges against them.
2. During the proceedings, the attorney argued that the codefendant had acted independently.
3. The jury was instructed to consider the evidence against each codefendant separately.
4. In a surprising turn, the codefendant decided to testify against their partner in crime.
5. The defense team worked diligently to build a case that would favor their codefendant.
