

# COETERNAL

*Meaning: Coeternal refers to existing together for all eternity without beginning or end, often used in philosophical or theological contexts to describe beings that are equally timeless.*

1. The concept of coeternal beings raises fascinating philosophical questions.
2. In some theological frameworks, the Father, Son, and Holy Spirit are seen as coeternal.
3. The coeternal nature of time and space suggests a universe that has always existed.
4. Many ancient cultures believed in gods that were coeternal with the cosmos itself.
5. The idea of coeternal truths challenges the perception of change in moral values.
