COMMERCIALISM

Meaning: Commercialism is the emphasis on profit and marketability, often at the expense of artistic integrity and craftsmanship.

1. The relentless rise of commercialism in modern society often overshadows artistic integrity.
2. Critics argue that commercialism has diluted the essence of true craftsmanship in many industries.
3. In the age of social media, commercialism has transformed how brands engage with their audiences.
4. The film industry faces a constant struggle between creative expression and the demands of commercialism.
5. Many believe that unchecked commercialism ultimately undermines the cultural values of a community.
