

COMMODITY

Meaning: Commodity: a basic good used in commerce that is interchangeable with other goods of the same type, often a raw material or primary agricultural product.

1. The price of the commodity fluctuated sharply due to changes in supply and demand.
2. In today's global market, oil remains one of the most sought-after commodities.
3. Farmers are increasingly aware of how climate change affects their crop commodities.
4. Investors often turn to gold as a safe commodity during times of economic uncertainty.
5. The rise of technology has transformed data into a valuable commodity in the digital age.
