

COMMUNALISM

Meaning: Communalism is a political and social philosophy advocating for self-governance by communities and the collective management of local resources.

1. Communalism promotes the idea that communities should govern themselves rather than relying on centralized authority.
2. In areas where communalism thrives, local resources are often managed collectively to benefit all members.
3. The rise of communalism can be seen as a response to the failures of traditional state systems in certain regions.
4. Critics argue that while communalism fosters unity, it can also lead to exclusionary practices against outsiders.
5. Advocates of communalism believe that it strengthens social bonds and encourages cooperation among community members.
