

COMPROVINCIAL

Meaning: Comprovincial refers to a narrow-minded or insular perspective that is limited to local or provincial influences, often lacking awareness of broader or more progressive ideas.

1. The artist's work was often criticized for being compro provincial, lacking the boldness seen in contemporary urban styles.
2. His compro provincial attitude limited his understanding of the broader cultural dynamics at play in the city.
3. In a compro provincial setting, local customs can sometimes overshadow more global influences.
4. The writer's compro provincial perspective made it difficult for her to connect with an international audience.
5. While many celebrated her rural roots, others dismissed her views as overly compro provincial for the modern debate.
