

# CONTRAREMONSTRANT

*Meaning: Contraremonstrant refers to a theologian or adherent of a school of thought that opposes the views of the Remonstrants, particularly in the context of predestination and divine sovereignty in Christian theology.*

1. The contraremonstrant theologians offered a robust defense of their predestinarian views in the face of widespread opposition.
2. In the theological debates of the 17th century, the contraremonstrant perspective emphasized divine sovereignty over human free will.
3. The contraremonstrants argued passionately against the Arminian beliefs that were gaining popularity in their time.
4. As a contraremonstrant, she devoted her studies to the nuances of Reformed doctrine and its implications for salvation.
5. Historically, the contraremonstrants played a significant role in shaping the theological landscape of the Protestant Reformation.
