

CRABBING

Meaning: Crabbing refers to the activity of catching crabs, typically for food, often done along shorelines using nets or traps.

1. She spent the afternoon crabbing along the shore, hoping to catch dinner.
2. The children were crabbing with enthusiasm, their nets splashing in the shallow water.
3. After crabbing with his friends, he proudly displayed his catch in a bucket.
4. Crabbing requires patience and skill, especially when trying to entice the elusive crustaceans.
5. As the sun set, they shared stories while waiting for the crabs to wander into their traps.
