

CREEK

Meaning: Creek: a small, narrow stream of water, often shallow and flowing through a natural landscape.

1. The children spent the afternoon playing by the creek, splashing water and catching minnows.
2. As the sun set, the gentle sound of the creek provided a soothing backdrop to our campfire stories.
3. We hiked along the winding trail until we stumbled upon a hidden creek surrounded by wildflowers.
4. The creek ran clear and cool, reflecting the blue sky above and the towering trees on its banks.
5. After the heavy rain, the creek swelled, transforming into a rushing torrent that echoed through the valley.
