

# CREPON

*Meaning: Crepon is a lightweight, crinkled fabric often made of silk or synthetic fibers, used in clothing and accessories for its elegant drape and texture.*

1. The dress was beautifully crafted from luxurious crepon that flowed elegantly with every movement.
2. She chose a crepon scarf to complement her outfit, adding a touch of sophistication to her look.
3. The designer showcased a stunning collection featuring vibrant prints on lightweight crepon fabric.
4. After much deliberation, she settled on a crepon blouse that perfectly matched her favorite skirt.
5. The soft texture of the crepon made it an ideal choice for the summer evening event.
