

# CREVALLE

*Meaning: Crevalle refers to a species of fish, specifically the crevalle jack, known for its speed, agility, and strong fighting ability, commonly sought after by fishermen.*

1. The crevalle jack is known for its incredible speed and agility in the water.
2. Fishermen often target crevalle during their expeditions due to the fish's strong fight.
3. In tropical waters, the crevalle can be found swimming in schools, making them easier to spot.
4. The flesh of the crevalle is often considered less desirable compared to other game fish.
5. Watching a crevalle chase after bait fish is a thrilling sight for any angler.
