

# CUBICLE

*Meaning: Cubicle: a small, enclosed workspace in an office, typically separated by partitions, providing some privacy for the occupant.*

1. She decorated her cubicle with plants and photos to make the space feel more inviting.
2. The office redesign aimed to create an open layout, but many employees still preferred their private cubicles.
3. After a long day of meetings, he retreated to his cubicle to finish his work in peace.
4. The sound of typing and phone calls filled the air as colleagues sat in their cubicles, focused on their tasks.
5. Whenever she needed a break, she would step away from her cubicle to grab a coffee and recharge.
