

DECALOGUE

Meaning: Decalogue refers to a set of ten fundamental principles or commandments that serve as a moral and ethical guide, particularly in religious contexts.

1. The Decalogue serves as a foundational ethical guide in many religious traditions.
2. In literature, the author often refers to the Decalogue to illustrate moral dilemmas faced by his characters.
3. Understanding the historical context of the Decalogue can deepen one's appreciation of its significance.
4. The Decalogue is not merely a list of rules but a profound expression of moral philosophy.
5. Many modern laws are influenced by the principles found in the Decalogue.
