

DECKEL

Meaning: Deckel (noun): A lid or cover, often decorative, used to seal or complete a container, such as a jar or teapot.

1. The old wooden deckel on the vintage jar creaked as she opened it.
2. He admired the intricate design of the deckel that topped the antique teapot.
3. After searching for hours, he finally found the missing deckel for his favorite pot.
4. The chef carefully placed the deckel back on the pot to let the stew simmer.
5. A decorative deckel can transform an ordinary container into a beautiful piece of art.
