

DEIFICATION

Meaning: Deification is the process of elevating a person to divine status or treating them as a god, often through rituals or cultural practices.

1. The deification of historical figures often transforms them into symbols of national identity.
2. In some cultures, the process of deification involves rituals that honor the divine qualities of a leader.
3. The artist explored themes of deification in her latest exhibition, highlighting the complexities of idolization.
4. Critics argue that the deification of celebrities often leads to unrealistic expectations among their fans.
5. In ancient Rome, emperors were frequently subjected to deification after their deaths to secure their legacy.
