

DELINQUENCY

Meaning: Delinquency refers to the tendency of young people to engage in illegal or antisocial behavior, often associated with criminal acts.

1. The rise in youth delinquency has sparked a debate about the effectiveness of the current juvenile justice system.
2. Community programs aimed at providing mentorship have been shown to reduce rates of delinquency among teenagers.
3. Delinquency can often be a result of underlying social issues, such as poverty and lack of support at home.
4. The local government implemented initiatives to address the root causes of delinquency in vulnerable neighborhoods.
5. Parents and educators play a crucial role in preventing delinquency by fostering open communication and providing guidance.
