

DELITIGATION

Meaning: Delitigation refers to the process of resolving disputes through collaborative negotiation rather than through litigation or adversarial methods.

1. Delitigation often leads to a more collaborative approach in resolving disputes.
2. The concept of delitigation encourages parties to focus on mutual benefits rather than adversarial positions.
3. In today's interconnected world, delitigation is becoming an essential strategy for effective conflict resolution.
4. Many organizations are adopting delitigation practices to foster better relationships among stakeholders.
5. Legal experts argue that delitigation can significantly reduce the time and costs associated with traditional litigation.
