

DELIVERABLE

Meaning: Deliverable: a tangible or intangible output or result that is produced as part of a project and must be completed by a specified deadline.

1. The project manager emphasized that the deliverable must be completed by the end of the week.
2. Each team member is responsible for ensuring their part of the deliverable meets quality standards.
3. We need to discuss the timeline for the deliverable to ensure we stay on track.
4. The client was pleased with the final deliverable, recognizing the hard work put in by the team.
5. Clearly defining the deliverable at the outset can help prevent misunderstandings later on.
