

DEMANDANT

Meaning: Demandant: a person who makes a formal request or claim in a legal context, often the party initiating a lawsuit.

1. The demandant presented a compelling case that captured the jury's attention.
2. In legal disputes, the demandant often faces the burden of proof.
3. The court ruled in favor of the demandant, recognizing their right to the property.
4. As the demandant, she had to demonstrate her claims with substantial evidence.
5. During the trial, the demandant's attorney skillfully argued the merits of the case.
