

DEMITINT

Meaning: Demitint refers to a color that is a lighter or softer version of a hue, used to create subtlety and reduce contrast in visual compositions.

1. The artist chose a soft demitint to create a subtle background for the vibrant foreground elements.
2. In graphic design, using a demitint can effectively soften harsh contrasts between colors.
3. The room was painted in a demitint, giving it a warm and inviting atmosphere.
4. She preferred the demitint for her website's color scheme, as it was easier on the eyes than bright hues.
5. The fabric's demitint pattern added an elegant touch to the overall design of the dress.
