

DEMIURGE

Meaning: Demiurge: A creator being or artisan-like figure responsible for the formation of the material universe, often depicted as flawed in Gnostic thought.

1. In philosophical discussions, the term 'demiurge' often refers to a creator being responsible for the fashioning of the material world.
2. The Gnostics portrayed the demiurge as a flawed entity, distinct from the true, higher God.
3. In many ancient texts, the demiurge is depicted as a craftsman who shapes the universe out of chaos.
4. The role of the demiurge in Platonic thought highlights the relationship between the ideal forms and their imperfect physical manifestations.
5. Artists sometimes liken themselves to a demiurge, as they bring their visions to life through their creative expression.
