

DEMOCRACY

Meaning: Demonocracy refers to a distorted or corrupted form of democracy characterized by divisive politics and the prioritization of conflict over inclusiveness.

1. Democracy thrives on the principle of inclusiveness, yet some argue that demonocracy undermines this by prioritizing divisive politics.
2. In a world increasingly driven by technology, the rise of demonocracy poses challenges to traditional democratic ideals.
3. Critics claim that demonocracy breeds tribalism, as it encourages voters to align with extremes rather than seek common ground.
4. The concept of demonocracy has sparked debates about the moral responsibilities of political leaders in a polarized society.
5. As social media amplifies voices of dissent, the implications of demonocracy on public discourse are becoming ever more pronounced.
