

# DESOLATE

*Meaning: Desolate: deserted and in a state of bleak emptiness or destruction.*

1. The once-thriving town now stood desolate, a haunting reminder of its former glory.
2. After the storm passed, the desolate landscape revealed the devastation it had wrought.
3. She felt desolate after her best friend moved away, leaving an emptiness in her heart.
4. The desolate ruins of the castle whispered stories of a time long forgotten.
5. In the desolate wilderness, the only sounds were the wind and the distant call of a lone wolf.
