DESPOLIATION

Meaning: Despolitation refers to the act of plundering or ravaging a place, resulting in significant damage or destruction, particularly to cultural or natural sites.

1. The despoilation of the ancient ruins left the site in disarray and obscured its historical significance.

2. Environmentalists rallied against the despoilation of the rainforest, emphasizing the need for conservation.

3. The community was devastated by the despoilation of their once-thriving river, which had been polluted and overexploited.

4. Art historians lamented the despoilation of priceless artifacts during the conflict, fearing they would be lost forever.

5. Efforts to prevent the despoilation of coastal areas have become increasingly urgent in the face of climate change.
