DESPREAD

Meaning: Despread: to be distributed or spread out widely in a particular area or space.

1. The artist's work was despread across the gallery, each piece telling a unique story.

2. As the sun set, the warm glow despread over the landscape, transforming the scenery into a painting.

3. The news of the festival despread quickly through the small town, exciting everyone in its wake.

4. With each passing hour, the scent of fresh bread despread throughout the bakery, attracting customers.

5. The children's laughter despread like ripples in a pond, filling the park with joy.
