

DETRACTIVE

Meaning: Detractive refers to something that detracts or takes away from the value, quality, or importance of something else, often through negative remarks or attitudes.

1. The detractive comments from some reviewers overshadowed the positive feedback on her performance.
2. His detractive attitude during the meeting discouraged others from sharing their ideas.
3. While constructive criticism is important, detractive remarks can often lead to a toxic work environment.
4. She chose to ignore the detractive gossip circulating about her in the office.
5. The film was well-received, despite a few detractive elements that critics pointed out.
