

DIDST

Meaning: 'DIDST' is the archaic second person singular past tense of 'do,' used to indicate an action performed by 'thou' or 'you' in historical or literary contexts.

1. Thou didst speak with such fervor that the crowd was mesmerized.
2. In ancient texts, the word 'didst' often appears to express past actions.
3. She wondered how he didst manage to remain so calm under pressure.
4. If thou didst know the truth, would it change thy perspective?
5. The knight didst pledge his loyalty to the king without hesitation.
