

DISHERITOR

Meaning: DISHERITOR: A person responsible for distributing an estate or inheritance among heirs, particularly when there is no will.

1. The disheritor of the estate ensured that each heir received an equal share of the inheritance.
2. In the absence of a will, the disheritor was tasked with distributing the deceased's assets fairly.
3. She felt it was her duty as the disheritor to honor her father's last wishes regarding the family property.
4. The disheritor faced challenges when some family members contested the division of the estate.
5. To avoid disputes, the disheritor consulted a lawyer for advice on the appropriate distribution process.
