

DISMASTMENT

Meaning: Dismastment refers to the event or process of a ship or yacht losing its mast, often due to severe weather or structural failure.

1. The sudden dismasting of the yacht caught everyone on board off guard.
2. After the fierce storm, the team faced the daunting task of assessing the dismasting damage.
3. Dismastment is a critical concern for sailors navigating through turbulent waters.
4. The captain reported the dismasting incident to the coast guard for assistance.
5. They managed to secure the sails after the dismasting, but the journey home would be challenging.
