

DIVIDANT

Meaning: Dividend: a payment made by a corporation to its shareholders, usually in the form of cash or additional shares, representing a portion of the company's profits.

1. The company announced a substantial dividend for its shareholders this quarter.
2. Investors eagerly await news about the upcoming dividend payment.
3. A higher dividend yield can attract more investors to a company's stock.
4. The board decided to increase the dividend, reflecting the firm's strong financial performance.
5. Understanding how dividends work is essential for anyone looking to invest in stocks.
