

DIVIDEND

Meaning: A dividend is a portion of a company's earnings distributed to its shareholders as a reward for their investment.

1. The company announced a substantial dividend to reward its shareholders for their patience during the economic downturn.
2. Investors eagerly awaited the quarterly report, hoping for news of an increased dividend.
3. Receiving a dividend can significantly enhance an investor's overall return on their stock portfolio.
4. The board of directors decided to reinvest the dividend into the business rather than distribute it to shareholders.
5. Many retirees rely on dividend payments as a steady source of income in their golden years.
