

# DOUBLE-ENTENDRE

*Meaning: A double entendre is a figure of speech that has two meanings, typically one of which is risqué or humorous, allowing for multiple interpretations in conversation or literature.*

1. The comedian's routine was filled with clever double-entendres that had the audience laughing and thinking simultaneously.
2. In literature, a double-entendre can add depth to the dialogue, inviting readers to explore multiple interpretations.
3. Her use of double-entendre during the interview made it clear she was both charming and strategically playful.
4. The song's catchy chorus contained a cheeky double-entendre that many listeners appreciated for its wit.
5. Critics praised the playwright for crafting a script rich in double-entendre, elevating the humor beyond mere jokes.
