

DOWER

Meaning: DOWER: a provision or gift, typically in the form of property or money, given to a widow for her support after her husband's death, often associated with marriage agreements.

1. The widow received her dower, ensuring her financial security after her husband's death.
2. In many cultures, a dower is considered an essential part of marriage negotiations.
3. He was surprised to learn that the estate included a substantial dower that had been set aside for his wife.
4. The couple discussed how to manage their assets, including the dower that would come from their families.
5. Historically, a dower was often a woman's only means of support in a patriarchal society.
