

# DRAY

*Meaning: A dray is a flatbed cart or vehicle, typically used for transporting heavy loads, such as barrels or goods, often pulled by horses or other draft animals.*

1. The dray rolled down the cobblestone street, its wooden wheels creaking with every turn.
2. As the sun set, the dray was loaded with barrels of ale for the evening's festivities.
3. He hired a dray to transport the heavy furniture from the shop to his new apartment.
4. The local brewery uses a traditional dray to deliver its craft beer to nearby pubs.
5. With a team of sturdy horses, the dray made its way through the busy market square.
6. The dray rattled down the cobblestone street, carrying barrels of ale from the brewery.
7. He watched as the dray horses expertly navigated the narrow lanes of the bustling market.
8. The local farmers relied on the dray to transport their produce to the nearby town.
9. After the festival, the dray was loaded with leftover supplies and returned to the storage yard.
10. In the old painting, a dray filled with fresh hay was depicted against a serene countryside backdrop.
