

DROVEN

Meaning: "DROVEN" refers to the act of driving or herding animals, particularly livestock, from one place to another.

1. The herd had been droven through the narrow valley by the skilled hands of the shepherds.
2. As the storm approached, the cattle were droven into the barn for safety and shelter.
3. In ancient times, animals were often droven across long distances to reach market towns.
4. The dogs barked excitedly as the flock was droven back to their pen after a day in the fields.
5. With great precision, the horses were droven along the winding trail, ensuring no one was left behind.
