

DRY-BONED

Meaning: Dry-boned refers to a stark, barren, or desolate appearance, often characterized by a lack of vitality or liveliness.

1. The landscape was dry-boned, with only a few scraggly bushes breaking the monotony of the cracked earth.
2. Her dry-boned humor often caught people off guard, leaving them unsure whether to laugh or cringe.
3. The old barn stood dry-boned in the field, a haunting reminder of the once-thriving farmstead.
4. His dry-boned appearance belied a fierce determination that surprised everyone who underestimated him.
5. In the pale light of dawn, the dry-boned trees stretched their spindly limbs towards the sky, creating an eerie silhouette.
