

DRYAD

Meaning: A dryad is a tree nymph or spirit in Greek mythology, typically associated with oak trees, believed to inhabit and protect them.

1. The ancient forest was said to be home to a dryad who watched over the trees.
2. Legends spoke of a dryad's sorrow when her beloved oak tree was cut down.
3. In the moonlight, the dryad danced gracefully among the shadows of the woodland.
4. Many travelers claimed to have glimpsed the ethereal beauty of a dryad hiding in the glen.
5. With her gentle touch, the dryad nurtured the plants around her, ensuring their vibrant growth.
