

DUENNA

Meaning: Duenna: a female chaperone or governess, typically responsible for the care and protection of a young woman, especially in social settings.

1. The young woman felt a sense of relief when her duenna assured her of protection during the evening's festivities.
2. In the historical novel, the duenna played a crucial role in guiding the heroine through the complexities of courtship.
3. At the wedding, the duenna stood by the bride's side, offering wise counsel and support throughout the ceremony.
4. The duenna's stern demeanor often masked her genuine affection for the young lady she cared for.
5. During the masquerade ball, the duenna carefully monitored the interactions of the debutante to ensure her reputation remained intact.
