

DULOCRACY

Meaning: Dulocracy is a system of governance where decisions are primarily influenced by a small group of powerful individuals rather than the majority.

1. In a dulocracy, decisions often reflect the whims of those who wield the most influence.
2. The concept of dulocracy challenges traditional notions of democracy by prioritizing the desires of the few.
3. Many argue that dulocracy can lead to the erosion of collective responsibility in governance.
4. In a society governed by dulocracy, the voice of the majority may be drowned out by the louder minority.
5. Understanding dulocracy is essential for anyone studying power dynamics in political systems.
