

# DYNAST

*Meaning: A dynast is a ruler or sovereign, particularly one who belongs to a dynasty and maintains power over a territory or lineage.*

1. The ancient dynast ruled with an iron fist, ensuring that his lineage remained in power for centuries.
2. Historians often debate the influence of the dynast on the cultural development of the region.
3. As the last surviving member of the dynast, she felt the weight of her ancestors' legacy on her shoulders.
4. The rise of the dynast was marked by significant military conquests and strategic alliances.
5. Despite the fall of the dynast, the stories of their reign continued to captivate the imaginations of the people.
